

Save Our Schools!

Our District is facing a potential \$2.3 million in cuts due to the State Budget crisis. So far, \$1 million of savings have been made with the District's careful review of current spending. But there remains a projected \$1.3 million gap. If these cuts must be made, they will impact the staffing and program offerings at every school in the District. Most importantly, these cuts could translate into a 35% increase in class sizes.

The San Marino Schools Foundation is trying to raise an **additional \$1.3 million by June 1st**. These dollars would be added to our already pledged amount of \$1,000,000. We need your help to reach this goal.

The Foundation values the generous support of parents, like you. If you have already donated to the Annual Campaign, thank you. But we ask that you give again. If you have not made a tax-deductible donation to the Foundation this year, please make a donation. We suggest a minimum donation of **\$800** for this special Save Our Schools campaign in addition to your Annual Campaign donation. However, a donation of any amount is appreciated and will benefit the students.

We need your support more than ever to maintain the vital academic, arts and athletics programs our students deserve and our parents expect in the San Marino Schools. If every family contributes towards our fundraising goal, we can help preserve and protect excellence in education. In order for your gift to help with this budget crisis we need your donation prior to June 1st.
